

EXHIBIT "A"
WORK ORDER FORM

Pursuant to an Agreement between Larimer County and AVI

Work Order No.: AVI - 28 Dated: March 18, 2010 Purchase Order No.: 6533

Project Title / Project Number: Poudre Canyon Radio Tower Sites

Project Description: Project intent is to evaluate five radio tower sites along Highway 14 in Poudre Canyon. This evaluation will determine proposed locations for five radio towers in close proximity to the locations described by longitude and latitude descriptions provided by Dave Rowe (Larimer County).

Scope of Services: The intent of this work is not to provide a detailed design of each of the five sites, but rather a schematic level design indicating the proposed location of the tower, a proposed alignment for an access road, and a proposed alignment for the power feed to the site.

AVI's Scope includes providing exhibits to Larimer County to be included in an overall submittal to the Forest Service. The following is a list of deliverables that AVI will provide to Larimer County:

- Overall vicinity map showing all five sites. To be based on proposed locations in close proximity to the locations described by Dave Rowe (Larimer County). Included on this overall vicinity map should be the boundary of the Greyrock Roadless Area.
- Five exhibits using quad maps or aerial photos illustrating the following:
 - Latitude, longitude and elevation of each tower site
 - The radio tower offset distance from HWY 14 and from the Greyrock Roadless Area.
 - Designate public and private land boundaries.
 - A schematic single line proposed access road alignment. This road alignment should be indicated from the tower site to the nearest or most feasible public access road. Based on contour information only, the road alignment shall be limited to 20% grade.
 - A schematic single line proposed power line alignment. Poudre Valley REA is to provide this alignment and AVI shall simply represent it on the exhibits.

See attached AVI Fee Proposal for additional details

Commencement Date: 3/24/2010

Completion Date: 4/2/2010

Maximum Fee Not To Exceed (Time and Reimbursable Direct Costs): \$1000.00

Service Provider agrees to perform the services identified above and on any attached forms in accordance with the terms and conditions contained herein and in the Services Agreement between the parties.
