

# REQUEST FOR BID LARIMER COUNTY COLORADO 2555 MIDPOINT DRIVE, SUITE B FORT COLLINS, COLORADO

BID NUMBER: 10-03  
DESCRIPTION: Work Zone Traffic Control Rebid  
CLOSING DATE: 02/16/2010

Please bid DELIVERED PRICES on the following Goods or Services. No bid is contingent on the purchase of all items listed. The right is reserved to reject any and all bids or parts thereof. Prices and terms shall remain in effect for one year from date of Purchase Order.

The Board of Larimer County Commissioners will be receiving sealed bids at the office of the Purchasing Director, 2555 Midpoint Drive, Suite B, Fort Collins, Colorado, up to 2:00 P.M. (our clock), Tuesday, February 16, 2010 at which time they will be opened to consider contracting for work zone traffic control devices and services.

All questions regarding this bid should go to Ms. MaryAnn Schmidt, CPPB, Purchasing Agent II, at (970) 498-5957. Questions are due no later than 10:00 A.M. (our clock), Friday, February 5, 2010. Questions may be faxed to Ms. Schmidt at 970-498-5959, or e-mailed to [mschmidt@larimer.org](mailto:mschmidt@larimer.org). Please call to verify receipt of your questions. No additional questions will be accepted after the date and time referenced above.

## **GENERAL INSTRUCTIONS:**

Bidder shall not stipulate in his bid any conditions not contained in the specifications, unless specifically requested in the special instructions. Any bids that fail to comply with the literal letter of these instructions and the specifications may be rejected forthwith.

Bids shall be typewritten or written in ink on the form prepared by the County. The person signing the bid shall initial all corrections or erasures made on your bid.

Any charges for freight, delivery, containers, packaging, etc., will be included in the bid price.

In submitting the bid, the vendor agrees that acceptance of any or all bids by the County within a reasonable time period constitutes a contract. No delivery shall become due or be accepted until a purchase order has been issued by the Purchasing Director of Larimer County.

It is understood that the Board of Larimer County Commissioners reserves the right to reject any and/or all bids and to waive informalities in bids, and to accept the bid that, in the opinion of the Board, is to the best interest of Larimer County. The total cost of bid preparation and submission shall be borne by the bidder.

If, in the sole judgment of the Board of Larimer County Commissioners, the bids or proposals are substantially equal, the Board **may** grant the contract to companies located in Larimer County.

As of August 7, 2006, state and local government agencies are prohibited from purchasing services from any contractor that knowingly employs illegal immigrants to help carry out publicly funded work per the provisions of C.R.S. 8-17.5-101. Contractors must certify that they are using, or that they are trying to participate in the "Basic Pilot Employment Verification Program". If it is discovered that a contractor awarded a contract employs illegal immigrants or subcontracts with illegal immigrants, Larimer County can terminate the contract and the contractor may be held liable for damages.

Any contract agreed to by the parties that results in a sole source government contract must contain provisions and comply with Article XXVIII, Section 15, of the Colorado Constitution.

All information submitted in response to this bid is public after the bid opening. The bidder should not include as a part of the response to the invitation to bid any information which the bidder believes to be a trade secret or other privileged or confidential data. If the bidder wishes to include such material with a bid, then the material should be supplied under separate cover and identified as confidential. Statements that the entire bid is confidential will not be honored. Larimer County will endeavor to keep that information confidential, separate and apart from the bid subject to the provisions of the Colorado Open Records Act or order of court.

**No work shall commence nor shall any invoices be paid** until the contractor provides the requested proof of insurance as outlined in the "Insurance Requirements for Contractors," **and** until such proof is accepted by Larimer County. **Additionally**, the contractor will provide an endorsement naming Larimer County as an additional insured to their policy. If you have any questions concerning the insurance requirements, please contact Connie Ellis, Property/Casualty Claims Adjuster, at (970) 498-5963 at least one week before the bid opening date.

Payment for work performed or goods sold to Larimer County can be expected within 30 days after receipt of the invoice and satisfactory acceptance from the department receiving the service or goods. Any discount allowed by the vendor for prompt payment, etc., must be reflected in the bid figure, and not entered as separate pricing on the bid.

No telephone, e-mail, or facsimile bids will be accepted.

Bids must be clearly identified on the front of the envelope by bid number and title. Responsibility for timely submittal and routing of bids, prior to opening, lies solely with the bidder. Bids received after the opening time specified will not be considered.

Minority Business Enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on grounds of race, color or national origin.

Bids must be furnished exclusive of any Federal, State or Local taxes.

### **INTENT:**

The Larimer County Road and Bridge Department desires to contract with a contractor to provide work zone traffic control devices and services.

### **COOPERATIVE BIDDING:**

Larimer County Departments or other governmental agencies may be extended the opportunity to purchase off of this bid with the agreement of the successful vendor(s) and Larimer County. Requests for participation of other Agencies will be coordinated by Larimer County. Larimer County will notify the vendor and the Agency wishing to participate in writing.

### **QUALIFICATIONS:**

The Contractor shall have a minimum of three (3) years' experience performing the type of work per the specifications in this Request for Bid (RFB). Please include verification your company has been in business a minimum of three (3) years with your submitted bid documents (examples: Business or Contractor's license, Larimer County or Colorado Sales Tax License, Traffic Control Certification by the State of Colorado or other verifiable documentation - a letter stating you have been in business for a minimum of three (3) years will not be accepted).

## **SPECIFICATIONS ARE AS FOLLOWS:**

- 1) Size A Signs are 0.01 to 9.00 Square Feet. Size B Signs are 9.00 to 16.00 Square Feet. Size C Signs are 16.01 Square Feet and over.
- 2) For Specialty Signs, the initial manufacturing will be paid for per the unit cost for the Specialty Signs and the rental rate paid per the appropriate rental rate.
- 3) Portable Message Sign Panel Must meet or exceed minimum requirements for Colorado Department of Transportation (CDOT) Standard Specification 630.031, most recent addition.
- 4) Any sign blank with sign faces on both sides must have the back sign face completely covered when in use to avoid confusion to motorists traveling in the opposite direction.
- 5) Safety fencing shall be 48" high in 50-foot rolls, rigid orange, 2" plastic mesh. The fence shall be secured with posts or barricades with sandbags.
- 6) Sand bags provided will not be measured nor paid for separately, but shall be included in the daily rental rate.
- 7) 28" or larger cones shall be used on all County roads.
- 8) Portable Traffic Signals:
  - a) Portable Traffic Signal - Self-contained/battery operated: Unit will consist of a minimum of two 12 inch x 12 inch x 12 inch signal heads. One signal head shall be the side mounted type. This unit must be capable of operating in conjunction with another unit for one lane roadway traffic control.
  - b) Portable Traffic Signal: Must be able to operate from separate power source and as field traffic control cabinet with generator and/or line power supply. Unit will consist of a minimum of two 12 inch x 12 inch x 12 inch signal heads. One signal head shall be side-mounted type.

## **SCOPE OF WORK:**

### **1) INTRODUCTION**

This Scope of Services covers the requirements for providing Work Zone Traffic Control Devices and Services for Larimer County on an annual basis. These services will be provided primarily for roadway maintenance and improvement projects completed by Larimer County Road and Bridge Department. Some capital construction projects (Projects) may be included when work is performed by Larimer County Road and Bridge Department. It is anticipated that the majority of the traffic control services will be performed within 50 radius miles of the intersection of Mulberry Road and Collage Avenue in Fort Collins, CO.

- a) It is the intent of Larimer County to select a firm capable of providing a full range of work zone traffic control services. The firm selected will be expected to:
  - i) Provide Traffic Control Supervisors (TCS) certified by the American Traffic Safety Services Association (ATSSA) or the Colorado Contractors Association (CCA).
  - ii) Provide Flaggers certified by the Colorado Department of Transportation
  - iii) Assure all contractor personnel working within right-of-way always wear high visibility hard hats and vests meeting the visibility requirements as specified in section 6E.02 of the Manual on Uniform Traffic Control Devices (MUTCD) most recent addition.
  - iv) When supplied by the contractor, portable two-way radios must be equipped or reequipped with a sufficient number of spare batteries to be fully functional for an entire shift or multiple shifts as solely determined by Larimer County.
  - v) Attend and participate in pre-construction meetings for each project.
  - vi) Develop, in accordance with the Manual of Uniform Traffic Control Devices requirements, workable, effective and efficient work zone traffic control plans that meet the needs of the Road and Bridge Department and the motoring public.
  - vii) Implement approved traffic control plans within the schedules determined by Larimer County. This will include close coordination with the appropriate Larimer County personnel and an ability to react quickly to changes in field conditions.
  - viii) Provide traffic control devices that are clean, well maintained and meet all requirements of the MUTCD.
  - ix) Respond appropriately to all of the needs of Larimer County with respect to work zone traffic control and meeting the requirements of this contract. This will include responding to before and after normal business hours, and emergency situations such as blocking off flooded roadways, etc. as determined solely by Larimer County
- b) The bid will be awarded based on the lowest weighted cost, supported by positive reference checks with clients served within the last twelve (12) months, and weighted as follows:
  - 25% of the total cost will be weighted on the sum of the Section A Equipment Rental Items**
  - 75% of the total cost will be weighted on the sum of the Section B Services Rates.**

2) **PROJECT REQUIREMENTS**

- a) Traffic Control Services are to be provided on a per-Project basis in accordance with the construction or maintenance start dates as determined solely by Larimer County Road and Bridge Department.
- b) The Assistant Road and Bridge Director will administer this contract. However, daily communications, service orders, and job changes will typically be through a Team Leader, Functional Group Manager, or the Construction Engineer who has authority to:
  - i) Order Services
  - ii) Make minor changes to the traffic control plan
  - iii) Order new devices
  - iv) Request additional flaggers
  - v) Order removal and replacement of contractor supplied personnel
- c) The Traffic Control Contractor is required to prepare a complete Traffic Control Plan for each Project. Each Traffic Control Plan must be prepared by a certified Traffic Control Supervisor (TCS) and presented to the Engineering Traffic Services Manager for approval. In some instances a basic Traffic Control Plan may be prepared by the project design engineer. This basic plan must then be expanded by the Traffic Control Contractor to include all traffic control devices needed for the project. The cost of preparation of the Traffic Control Plan will not be paid for separately but is included in the cost of each item in the bid schedule.
- d) Traffic control services will be required for stationary and moving road maintenance activities simultaneously at multiple, locations within the right-of-way. Stationary activities will require the setup and maintenance for full road, multiple or single lane closures at fixed locations for a time period specified by Larimer County. Moving road maintenance activities require the traffic control to move along the roadway as the maintenance activities progress closing single or multiple lanes at anyone time.
- e) Larimer County Road and Bridge Department typically works Monday - Friday from, 7:00 AM to 3:30 PM, from early-November to mid-March and Monday - Thursday, 7:00 AM to 5:30 PM, from mid-March to early-November each year. Occasionally, due to circumstances beyond our control, work hours may extend beyond starting and ending times noted above or into Friday or Saturday and/or Sunday. The Contractor is required to accommodate these situations as necessary for the unit prices quoted in this bid.

3) **STANDARDS**

- a) All work zone traffic control devices or services provided under the terms of this contract must meet or exceed the minimum standards set forth in the Manual on Uniform Traffic Control Devices (MUTCD), most recent edition. All traffic control devices shall be clean and in good operating condition when delivered and shall be maintained in that manner on a daily basis. Company identification must not be placed on the front of traffic control devices.
- b) Removal of traffic control devices from the traveled roadway shall occur within 4 hours after the request is made. All traffic control devices shall be picked up and removed from the Larimer County right-of-way within 24 hours of the initial request. When not in use, traffic control devices placed and/or stored in the Larimer County right-of-way shall be placed in a manner that minimizes hazards to pedestrians, bicyclists and motor vehicles.

- c) The TCS shall perform service checks at least once a day for each project in which traffic control devices are in use to insure that all traffic control devices are working properly and are positioned correctly. Service checks shall occur 7 days a week, including holidays. During inclement weather, i.e. wind, rain, snow, etc., the Contractor shall perform service checks as often as necessary to insure that all traffic control devices are working properly and are positioned correctly.
- d) The Contractor shall make corrective measures as required within one hour of notification from the Larimer County Road & Bridge Department, Larimer County Sheriff's Office or the Colorado State Patrol that traffic control devices provided by the Contractor are not functioning properly or are positioned incorrectly. The one-hour maximum response time is for projects located within a 25-mile radius of the intersection of Mulberry Street and College Ave. in Fort Collins. The maximum response time for projects located from 26 to 50 miles from the intersection of Mulberry Street and College Ave. in Fort Collins is one and one-half hours and the maximum response time for projects located more than 51 miles from this location is two hours. This response shall be provided 24 hours a day, 7 days a week including weekends and holidays for all locations in which the contractor's traffic control devices are in use.
- e) The Contractor shall complete a Daily Traffic Control Log LCE-302 (10/94) for each day worked on every Larimer County job site or Project. This Daily Log shall be completed in detail to include all traffic control personnel on that job site or Project, all traffic control devices used and other information as included on the form. The completed Daily Log shall be signed by the appropriate Road and Bridge Functional Group Manager, or Team Leader at the end of each workday. One copy of each Daily Log shall be submitted with the Contractor's invoice for each project. Payment will not be made without compliance with this section.
- f) Typically Larimer County will notify the Contractor at least 24 hours in advance of the need for traffic control services. However, there are some instances where, due to an emergency or other extenuating circumstance, 24-hour notice cannot be given. In these instances the Contractor will be given as much advance notice as possible. The contractor is expected to respond to after hours or emergency requests for services within the time frames set forth in paragraph 3 d) of this page.

4) **PERSONNEL**

- a) The Contractor shall furnish sufficient Traffic Control Supervisors, flagging and working personnel capable of promptly accomplishing all service requests according to the terms of this contract. The Contractor's employees shall conduct themselves in a proper and efficient manner while performing services for Larimer County. Larimer County reserves the right to reject personnel for cause and the Contractor shall replace these individuals promptly at Larimer County's request. Larimer County may use Larimer County employees (certified flaggers) in conjunction with the contractor's flaggers.
- b) All work zone traffic control placed within Larimer County's right-of-way under the terms of this contract shall be under the direct supervision of a Traffic Control Supervisor. The TCS shall possess either current American Traffic Safety Services Association (ATSSA) certification as a work site traffic control supervisor or certification as a work zone traffic control supervisor through the Colorado Contractor's Association (CCA). Proof of the certification shall be presented with the response to this Request for Bid, for each person employed to perform as a TCS. When new TCSs are hired, their certification must be presented prior to putting that person on the job. All TCSs must carry proof of certification and present it when requested by a Larimer County representative. A TCS must be on site when the Contractor places, modifies or removes traffic control devices.

- c) Flaggers shall be certified through the Colorado Department of Transportation Flagger certification Program. The Contractor shall certify its employees as required by this contract without expense to Larimer County. All flaggers must carry proof of certification and present it when requested by a Larimer County representative. A TCS may operate as a flagger when that action is the most economical or practical solution for Larimer County. It is the responsibility of the Contractor to provide rest breaks and lunch breaks for TCSs and flaggers, as required by law, at no additional service or equipment rental cost to Larimer County.

5) **BASIS OF PAYMENT**

- a) The rental period for all signage shall end upon notification to the contractor by Larimer County to remove the signs.
- b) The Delivery Charge shall cover all costs of delivering the traffic control devices to the Project or job site for the complete and correct initial setup. Another delivery charge may be requested if conditions change and the Contractor is instructed to change the initial setup which requires additional equipment.
- c) The Setup Charge shall cover all costs of setting up the traffic control devices at the Project or job site for a complete and correct initial setup. If conditions change and the contractor is instructed to change the initial setup, a Modification Charge may be requested for each modification.
- d) A TCS may be used at an hourly rate to set up and modify traffic control devices in lieu of the set up and modification charges at Larimer County's discretion. Other TCS charges shall only be made when specifically requested by Larimer County to provide these services. TCS charges will be for actual time spent on the site.
- e) The Pickup Charge shall cover all costs of picking up the traffic control devices from the Project (job site). If the contractor is instructed to pick up the equipment on different days for the same Project (job site), an additional pickup charge may be requested.
- f) Charges for Delivery, Pickup, Set-up, and Modification are based on the radius distance from the intersection of Mulberry Street and College Ave. in Fort Collins. This will allow for the difference in travel distances to projects in various areas of Larimer County.
- g) All costs relating to service checks will be included in traffic control device pricing submitted in the bid and not entered as separate or additional pricing. However, Larimer County will reimburse the Contractor for a delivery or set up fee as needed if signs need to be reset or replaced during the service check. It is the responsibility of the Contractor to carry standard signs used on projects to avoid additional delivery charges on service checks.
- h) Invoices may be submitted as frequently as once per week. However, in no instance shall invoices be submitted for periods in excess of one month. Invoices must be submitted by Project Number or Job Number as obtained from the Functional Group Manager or Team Leader and must include a copy of each Daily Traffic Control Log.
- i) All changes to an approved Daily Traffic Control Log after it has already been approved by a Larimer County Representative must be re-approved in writing by the same Larimer County Representative approving the original document.

6) **LOSS OR DAMAGE OF TRAFFIC CONTROL DEVICES**

- a) Traffic control devices shall remain the property of the Contractor and must be clearly marked as to ownership.
- b) Larimer County will not be responsible for any damage to or loss of traffic control devices unless negligence by Larimer County can be proven. Reimbursement by Larimer County will be made only for traffic control devices which are damaged or lost due to Larimer County negligence. Written notice of such damage or loss must be given to the Assistant Road and Bridge Director within 48 hours after such occurrence. Reimbursement, if any, will be at Larimer County's sole discretion.

7) **CONTRACTOR RESPONSIBILITY FOR WORK**

- a) The Contractor shall be responsible for all damages, losses or injuries that occur as a result of the fault or negligence of the Contractor or his employees in connection with the performance of this work. The Contractor shall not be expected to compromise his responsibility to place all traffic control devices to meet or exceed the requirements set forth in the Manual on Uniform Traffic Control Devices.
- b) Should, in their sole opinion, Larimer County's operations be adversely affected by insufficient availability of the materials, personnel or services quoted herein, liquidated damages of one thousand dollars (\$1000.00) per site, per day will be assessed.

8) **TERMS OF THE CONTRACT**

A Larimer County-issued purchase order and this document will serve as the contract between Larimer County and the successful contractor. The Contract will be effective for one year from date of purchase order. Larimer County, at its sole option, may offer to extend the contract for up to three (3) additional one-year terms, with firm, fixed pricing for the duration of the contract. The extension option may be exercised providing satisfactory service is given and all terms and conditions of the Contract have been fulfilled. Such extensions must be mutually agreed upon in writing, by and between Larimer County and the Contractor

9) **TERMINATION OF THE CONTRACT**

The Contract may be terminated by Larimer County upon five (5) days written notice to the Contractor if the Contractor fails to meet the conditions of the Bid, Scope of Services, and/or the Contract, and does not correct such default within a reasonable amount of time.

**INSURANCE REQUIREMENTS:**

Prior to commencement of any work, contractor shall forward Certificates of Insurance to Larimer County, c/o Purchasing, 2555 Midpoint Dr. #B, Fort Collins, Colorado 80525. The insurance required shall be procured and maintained in full force and effect for the duration of the Contract and shall be written for not less than the following amounts, or greater if required by law. Certificate Holder should be Larimer County at the above address.

- I. Workers' Compensation and Employers' Liability
  - A. State of Colorado: Statutory
  - B. Applicable Federal: Statutory
  - C. Employer's Liability: \$100,000 Each Accident  
\$500,000 Disease-Policy Limit  
\$100,000 Disease-Each Employee
  - D. **Waiver of Subrogation**

II. Commercial General Liability on an Occurrence Form including the following coverages: Premises Operations; Products and Completed Operations; Personal and Advertising Injury; Medical Payments; Contractual Liability; Independent Contractors; and Broad Form Property Damage. Coverage provided should be at least as broad as found in Insurance Services Office (ISO) form CG0001. Minimum limits to be as follows:

A. Bodily Injury & Property Damage General Aggregate Limit	\$1,000,000
B. Products & Completed Operations Aggregate Limit	\$1,000,000
C. Personal & Advertising Injury Limit	\$1,000,000
D. Each Occurrence Limit	\$1,000,000

Other General Liability Conditions:

1. Products and Completed Operations to be maintained for one year after final payment. Contractor shall continue to provide evidence of such coverage to the County on an annual basis during the aforementioned period (as appropriate).
2. **Contractor agrees that the insurance afforded the County is primary.**
3. If coverage is to be provided on Claims Made forms, contractor must refer policy to Risk Management Department for approval and additional requirements.

III. Commercial Automobile Liability coverage to be provided on Business Auto, Garage, or Truckers form. Coverage provided should be at least as broad as found in ISO form CA0001 (BAP), CA0005 (Garage) or CA0012 (Trucker) including coverage for owned, non-owned, & hired autos. Limits to be as follows:

A. Bodily Injury & Property Damage Combined Single Limit	\$1,000,000
B. Medical payments coverage	\$5,000/person
C. Uninsured/Underinsured Motorist Colorado Statutory Limit	\$1,000,000

IV. **All Insurance policies** (except Workers Compensation and Professional Liability) **shall include Larimer County and its elected officials and employees as additional insureds as their interests may appear.**

V. The County reserves the right to reject any insurer it deems not financially acceptable by insurance industry standards. Property and Liability Insurance Companies shall be licenses to do business in Colorado and shall have an AM Best rating of not less than B+ and/or VII.

VI. Certificates of insurance on all policies shall give the County written notice of not less than thirty (30) days prior to cancellation or material change in coverage.

VII. Contractor shall furnish Larimer County certificates of insurance. Contractor will receive all sub-contractors certificates of insurance. Such certificate must meet all requirements listed above.

**ANY DEVIATIONS FROM THE STANDARDS GIVEN ABOVE MUST BE APPROVED PRIOR TO BID OPENING BY THE LARIMER COUNTY RISK MANAGEMENT DEPARTMENT.**

**BID FORM: Please return pages 10 through 13 with your bid.**
