### Licensing Agreement and Dataset Limitations

The datasets and/or maps being purchased are neither legally recorded maps or surveys, and are not intended to be used as such. The DATA is a unique compilation of records, information and data from various city, county, state, federal offices, and other sources and should be used for general reference only. No entity that provided data assumes any liability for any errors or omissions in its data. If discrepancies, errors, or omissions in the data are found, Purchaser agrees to notify Larimer County GIS and Mapping Services Department. Larimer County is furnishing the data on an "AS IS" basis, without any technical or user support whatsoever, and without any representation or warranty, including but not in any manner limited to, fitness, merchantability or the accuracy and completeness of the data or map product.

## Digital Data Subscription Service

The Subscription Service is intended for those customers who use Larimer County parcel and related datasets frequently and are willing to commit to an annual subscription service. The annual subscription is for a 12 month period beginning when the order is processed by Larimer County GIS and Mapping Services. Once the order has been processed, the Customer will be notified by email. That notification will state that the subscription is "active", as well as provide the log-in and password needed to gain access to the secure web site. All data will be packaged in a self-extracting archive file, which the customer may download at their own convenience!
